# What is eZee Panorama?

- It is the simplest website builder software that is perfectly designed for hotels and restaurants.
- This solution will help you to showcase your brand identity and solidify your online presence.
- It's your one-stop shop to select, design, and build a website exactly how you want it to be.

## Best fit for?

Our solution is suitable for all types and sizes of hospitality businesses viz.

## Accommodation providers

We create a conversion-friendly website to gain you more direct bookings. And, ensure that the website showcases the best of your services and amenities.

SPECIAL OFFER	
<b>CRANBERRY</b> exotic cran berry juice	\$8.50
<b>KIWI</b> kiwi juice	\$10.50
<b>PASTA</b> with exotic sauce	\$20.00
<b>HOT CHOCOLATE</b> with dark chocolate	\$8.50

## F&B businesses

We know F&B businesses need to highlight a lot many offerings. Understanding your needs, we design a website that makes your customers come back for more.

**Why is it essential to have a  
brand website?**

# Because...

## 72%

of people would book directly with the hotel if they are getting the best deal.

## 94%

of people abandon a booking online because of the quality of the website.

## 70%

of survey respondents say they rely on images to explore more about a hotel.

Source

## THAT IS WHY...

We came up with a one-stop solution that will help you to design a perfect website for your brand.

# eZee Panorama is fueled with amazing features like

-  Myriad of themes
-  Wide range of templates
-  Free hosting and SSL
-  Suitable for all devices
-  Multi-language support
-  SEO enabled website
-  Dedicated website designer
-  Freedom to perform DIY
-  Drag and drop elements
-  Looker to booker widgets
-  Chains of properties. One website.
-  Showcase your restaurant's menu
-  Payment gateway integration
-  Google maps integration

Lets explore these in depth

## Myriad of themes

- Access various theme options like font styles, colour codes, backgrounds, etc.
- 
- Search and apply the best for your brand.

## Wide range of templates

- Be it any type of business, we have designed the finest ready-made templates for your brand.
- Select or combine any of them that suits best for your property.

## Free hosting and SSL

- We help you to manage all the technical aspects and set you carefree from these hassles.
- Adding on, we give you a FREE SSL certificate inclusive in our pricing plans.

## Suitable for all types of devices

- Let your visitors access your website on any device they wish to.
- We have made it look best on - mobiles, laptops, tablets, and desktops.

## Multi-language support

- Create your website in any language you wish to or translate it as per your preference using the Google translate plug-in enabled on your website.
- Through this, encourage more bookings and orders by catering to international travellers.

## SEO enabled website

- We have made our websites customized for the best search results covering SEO-related features.
- Grow your visibility and get your website ranked well on the search engines.

## Dedicated website designer

- Save up on your expense of hiring a web designer. With eZee Panorama, you get a dedicated website designer.
- This would help you in designing a website as per your requirements and perfectly match it with your brand.

## Freedom to perform DIY

- Once your website is built, we give you full access to it to perform as many edits as you wish.
- Add/delete anything and we'll have a backup for you saved in its older versions

## Drag and drop elements

- Perform instant changes to your website, with our easy-to-use drag and drop options.
- For this, you need not require any training or HTML coding knowledge.

## Chains of properties. One website.

- One single website is all you need to easily navigate and manage operations of your properties.
- We help you create an extensive website that portrays the best of all your locations.

## Looker to booker widgets

- It's the simplest way to attract more visitors to your website.
- All you need to do is, make use of the bunch of widgets we provide like exit popups, notifications and more.

## Showcase your restaurant menu

- Add numerous cuisine options, dishes, rates, appealing photos, and more.
- Simply publish it and let your visitors know what you offer.

## Payment gateway integration

- We've covered various payment gateways in our solution. Allow your customers to make payments in their preferred choices.
- Be it debit or credit card, UPI, Google Pay, Paytm, or any such like.

## Google map integration

- Help your customers to find the exact directions to your property/outlet.
- Our website builder has integrations with Google Maps that allow you to add a direct link to your location.
